

Infection Prevention in Dental

Insist on Whiteley Corporation when ordering your Infection Prevention products

The instruments used in dentistry are often very delicate, expensive and the chemicals used to clean instruments need to be specially formulated to effectively clean and disinfect without harming the instruments or users. Whiteley Corporation has developed a range of instrument detergents and disinfectants specifically for use in Dentistry.

Pack Size: 5L, 1L

CLINIMAX®

Instrument & Equipment Detergent

- Mildly alkaline, non-hazardous, multipurpose detergent for dental applications that is specifically formulated to meet the requirements of AS/NZS 4187 and AS/NZS 4815.
- Designed for use in manual and ultrasonic dental instrument cleaning, equipment cleaning and environmental surfaces i.e. lighting, benches and trolleys.
- ARTG No: 125528

Pack Size: 5L, empty 500mL bottle

SONIDET®

Medical Equipment & Instrument Detergent

- Safe for use on most instruments and devices.
- Specifically designed for both ultrasonic and manual cleaning operations.
- Free rinsing and bacteriostatic.
- Suitable for environmental surface cleaning where required.
- ARTG No: 125529

Surface cleaning of benches, trolleys and equipment within the dental environment using neutral detergents assists in removing organic soil from contaminated surfaces.

Pack Size: 100 Wipes (Canister), 50 Wipes (Flatpack)

SPEEDY CLEAN WIPES

Hospital Grade Neutral Detergent Wipes

- Ready-to-use hospital grade, anionic neutral detergent wipes.
- Fast drying leaving surfaces streak free.
- Suitable for pre-cleaning soiled surfaces before disinfection.
- Included as a Class I Medical Device
- ARTG No: 125529

Pack Size: 5L, 500mL Trigger, 500mL Squeeze

VIRACLEAN®

Hospital Grade Disinfectant

- Specially formulated disinfectant which passes TGA option B.
- Proven to kill a broad range of bacteria and viruses including the Influenza virus, Herpes Simplex virus, and Hepatitis B virus. Kills Coronaviruses including SARS-CoV-2 (COVID-19).
- Suitable for use on benches, light fittings, chairs, stools and tables.
- Does not contain any phenolics or chlorine.
- pH neutral and friendly to metals (non corrosive)
- Simplifies complex cleaning and disinfecting procedures.
- AUST L: 69000

Pack Size: 100 Wipes (Canister), 50 Wipes (Flatpack)

V-WIPES

Hospital Grade Disinfectant Wipes

- pH neutral – safe for use on most surfaces and equipment.
- Highly absorbent apetured fabric.
- Leaves surfaces streak free.
- Extremely durable.
- Non-flammable and non-hazardous.
- Does not contain phenolics or chlorine.
- Non corrosive to metals.
- AUST L: 160901

HAND SANITISER

Pack Size: 80mL, carabiner, 500mL, 1L pod
