Diastema Closure by Dr. Rafael Calixto

DR. NEWTON FAHL

FORMA™ composite offers a wide range of layering options to solve from the simplest to the most polychromatic cases, and its consistency allows precise modeling of each layer.

DR. RAFAEL CALIXTO

FORMA™ composite allows management of various opacities to reproduce different dental characteristics, both in simple and advanced restorations.

DR. RAFAEL BEOLCHI

FORMA™ composite demonstrates a working consistency that facilitates both the sculpting of anatomical details in posterior teeth and control over the thickness of the layers of resin in anterior teeth, essential for aesthetic restorations.
